

Charles House Daytime Eldercare Center

Thank you for your interest in Charles House.

Steps to Enrollment

Step 1: Intake Interview

An appointment for the primary caregiver (without the potential participant) to meet with the Program Director, usually 45 minutes to an hour. This meeting allows the family member to learn more about Charles House, the enrollment process, community services and to explore ways of introducing Charles House to the potential participant family member.

Step 2: Initial Visit

This is an arranged time—usually 10:00—for the primary caregiver to bring the potential participant family member to Charles House for a 30-40 minutes visit, join in the program and be invited to return to Charles House for a Guest Day.

Step 3: Guest Day

The Guest Day is the participant family member's first partial day at Charles House, from 10:00 to around 2:00, joining the program for activities and lunch.
